Ice Breaker

Each person should have a piece of paper with circles on it.

Flip it over and draw the person next to you for 1 minute.
Ice Breaker

How many times did you say ‘Sorry’ regarding your drawing or drawing skills?

Were you embarrassed by the end result?

DON’T BE. Correct brainstorming processes don’t involve judgement.

Circle Challenge!

In the next minute or so use each circle to create something. Try to see if you can use all of the circles on your page to make something. The person with the most circles used will be our creativity winner for the night!

Wonder Wednesday Fact 3:
Another word for growling tummy sounds is “borborygmi”.

I DON'T ALWAYS SPEAK GIBBERISH

BUT WHEN I DO I WANG DANG DOODLE DOWA DIDDY DIDDY DUMB DIDDY DO
SWE 5K and Volleyball Tournament

What:
5K run and Volleyball tournament to raise money for a middle school STEM program.
5K is a GLOW RUN!!

When:
April 6th, 2017
Volleyball tournament starts at 7pm and Race starts at 9pm.

I am looking for both Committee Chairs and Committee Members for:
- Sponsorship Committee
- Logistics Committee

Please contact me at Whalen.161@osu.edu if you are interested!
**What?** Buckeyethon 24 hour dance marathon (we will participate in a 12 hour shift)
   Doesn’t include dancing only!!

**When?** February 11th, 2017   GRAY Shift: 10AM-10PM

**Who?** SWE and WiE members… + ANYONE else

**Why?**
To help raise awareness for pediatric cancer and help fund the research necessary to find a cure! Nationwide Children’s Hospital treats all patients regardless of their ability to pay, so they depend on funds like this to continue doing this amazing deed.
The BIGGER why:
I have never spoken to anyone who has participated and was not glad that they did. And… For The Kids!

A couple of common reasons why people do NOT want to do Buckeyethon (that I will now prove to be false)
- Cannot raise the $250 minimum to participate
- The dance marathon takes place on a weekend night

If you have any interest, curiosity, or questions, you can DM me on group me or email me thobe.33@osu.edu
