

## 2019 TECH CONNECT PROGRAM FULL-TIME

When you join JPMorgan Chase & Co., you're not just working at a global financial institution; you're an important part of one of the world's biggest technology companies. In 16 strategic technology locations worldwide, our team of more than 50,000 technologists design, build and deploy everything from enterprise technology initiatives to big data and mobile solutions, as well as innovations in electronic payments, cybersecurity, machine learning and cloud development.

Our \$10+ billion annual investment in technology enables us to hire people to create innovative solutions that will not only transform the financial services industry, but also change the world. Through this commitment, you'll be part of ground-breaking solutions and partnerships with FinTech and other technology companies committed to bringing new products and services to our clients.

### What to expect

Tech Connect is designed for individuals who may not have computer science or engineering backgrounds but have the drive and desire to become successful Software Engineers.

Launching your career through Tech Connect means you will:

- Join a full-time, multi-week Java training program to build your coding knowledge and skills, and prepare for your transition to our [full-time two-year program](#).
- Receive specialized technical training and one-on-one coaching from our team of expert developers and support from managers, senior leaders, and your program management teams.
- Work with colleagues to create innovative solutions that make a difference for our customers, clients and employees.
- Create and improve the design, analytics, coding and testing for high-quality software and new products.
- Own projects, keeping teams and stakeholders up to speed on the progress of what's being developed.
- Participate in Agile [Force for Good](#) teams to develop real world technology solutions for nonprofit organizations while enhancing your professional skills.

## Locations you may join:

Columbus, OH  
Chicago, IL  
Brooklyn, NY  
Houston, TX  
Jersey City, NJ

New York, NY  
Newark, DE  
Plano, TX  
Tampa, FL  
Wilmington, DE

## About you

We're looking for people with a passion for technology, who are curious and want to continually learn and improve our products and services.

### Requirements:

- Interest in pursuing a career in software engineering and building coding skills
- Bachelor's or Master's degree with an expected graduation by December 2018 or June 2019
- Preferred minimum cumulative GPA of 3.2
- Proven interpersonal and communication skills
- Ability to thrive in a fast-paced, collaborative environment
- Quick learner with problem-solving and logical-thinking skills

**This role is not eligible for employer immigration sponsorship. If you will require employer immigration sponsorship after completing your degree, you do not meet the basic requirements of this full-time role.**

## Join us

At JPMorgan Chase, we're creating positive change for the diverse communities we serve. We do this by championing your innovative ideas through a supportive culture that helps you every step of the way as you build your career.

We value the unique skills of every employee, and we're building a technology organization that thrives on diversity. We encourage professional growth and career development, and offer competitive benefits and compensation. If you're looking to build your career as part of a global technology team tackling big challenges that impact the lives of people and companies all around the world, we want to meet you.

### What's next?

We will review applications as they are received and extend offers on a rolling basis. We strongly encourage that you apply early since programs will close as positions are filled.
